2013 – 2014	BA (Hons) in TV & Film Production (Awaiting grade)
2011 – 2013	FdA in TV & Film Production (Merit)
2009 – 2011	National Diploma in Media Production (Triple Distinction)

“Theo was hired as a gaffer on Richard III a complicated shoot requiring a number of different lighting set ups. He is a person that cracks on, never moans and has good ideas on how to problem solve lighting set up’s. We are working with Theo on our next project.”

Luke McGibney, Producer, McGibney Productions Ltd

“I recently had the pleasure of working on a short film with Theo Kirkpatrick. We shot several scenes over two nights with a range of different lighting styles and equipment. I found him to be highly knowledgeable and professional. I would not hesitate to recommend him to any production and I look forward to working with him in the future.”

Matthew North, Director of Photography on ‘Rain On Film’

“You were a very hard worker with what seemed like a great knowledge of lighting. I would have thought that you had been doing the job for years if you hadn’t told me otherwise. I will no doubt be ringing you in the future to work with again. A massive pro to your work is that you stay so calm all the time and just get on with your work, it is a great trait to have in a job where it is easy to lose your cool.”

Tim Murphy, Electrician on ‘White Settlers’
