1 INT. ABOUT ME - MORNING

Born in the Welsh mountains of Ceredigion, I am an award winning film director specialising in imaginative and ambitious cinematic narratives that remain focused on the heart in the story's centre.

Unashamedly optimistic and enthusiastic, Alun has worked throughout Europe for enormous global clients like Canon cameras, Microsoft or Ducati motorcycles but also with local brands like the Welsh train service with smaller budgets but just as epic ambitions. I consider myself lucky to have experience directing everyone from film and television actors to athletes and rock-stars to celebrity chefs and young children.

Usually commissioned by clients because the brief involves really bringing out personalities in the characters and locations (often working with children or families) in what may otherwise have been rather dry subject matters, I am never happier than when called upon to tell a new story layered with creativity, joy and emotion.

2 INT. PRIMARY SKILLS - AFTERNOON

**ALUN** (Voice-Over)

Highly creative visual storyteller.

Experienced with directing both actors and non actors. I also very much enjoy working with children.

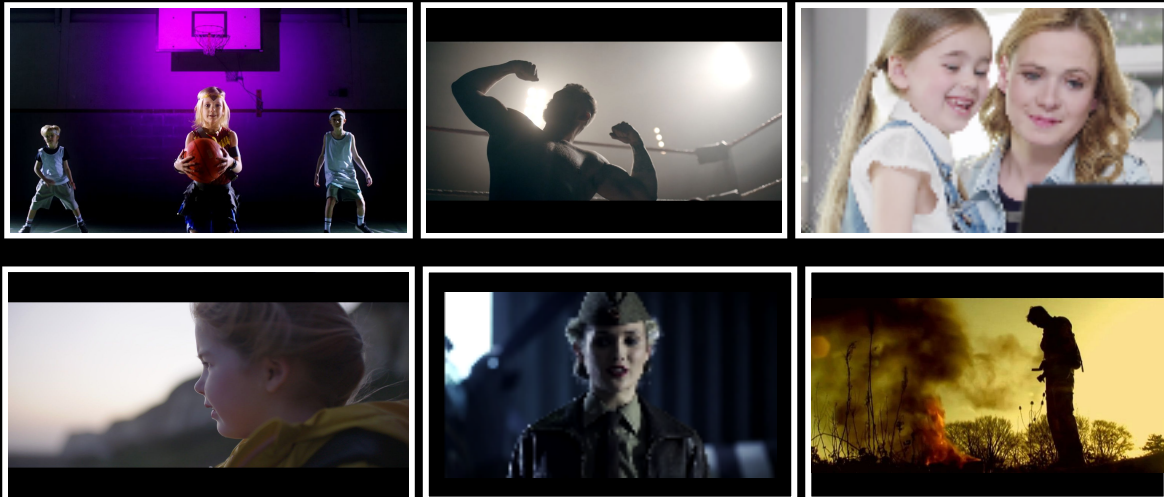

Experienced in both higher-end filmmaking and smaller, low budget affairs.

Accustomed to working with agency creatives but also starting from scratch and writing stories and ideas myself.

I genuinely care.

5 INT. HOBBIES - DREAM SEQUENCE

I am an obsessive cinema fanatic and, when not making them, spend most of my free time watching and discussing films. I also study various martial arts, love music and ride a motorcycle. Fast\*

\*I am probably the slowest motorcyclist alive.
