## Delivering experience, continuity and flexibility

Hello and welcome to Tutors on Location. We are the leading provider of tuition in the North of England and Wales for children working in entertainment and sport.

We provide:

- \* the experience parents expect;
- \* the continuity children need;
- \* the flexibility production companies demand.

**All of our tutors are employed by us, not freelancers, which means the quality of education your cast receives is guaranteed. By taking on full responsibility for all admin associated with the tuition, we can reduce the admin time for your production staff too.**

As part of our service, your dedicated tuition co-ordinator will provide a single point of contact for all communication regarding the education of your cast members, whether it is via parents, schools, teachers or chaperones. Our tutors are both qualified and experienced and can design sessions to be delivered in small chunks, which makes best use of cast members' time and ensures progress is made whilst away from school. This means that you can focus on your core business whilst being assured that our tutors are delivering a quality education when cast members are out on location or in the studio.

We routinely provide all documentation needed to evidence the compliance with The Children (Performances and Activities) (England) Regulations 2014 and the Children (Performances) (Amendment) (No.2) Regulations 2000 (in Wales). We provide daily tuition timesheets and a weekly cumulative spreadsheet aggregating tuition to date across the whole production against the statutory requirements, so that you have running totals at your fingertips.

We provide tutors between the hours of 9am and 5pm as standard, to provide maximum flexibility within your filming schedule. All tutors are, as you would expect, DBS checked with reference numbers and dates available at all times on their Tutors on Location photographic identification, as part of our safeguarding procedure.

## Recent productions:

“ They [*Tutors On Location*] provided a first rate service on Rocket's Island series 3. Sharon was a joy to deal with, always willing to go the extra mile to make sure that each of our children got the most from their tutoring experience. She was very popular with all involved. I would certainly use them again. ”

Kate Larking, Line Producer - Rocket's Island III

“ My son received the most excellent tuition from you and your team , whilst on set filming for Disney's Evermoor last year . On his return to school he was further advanced than his peers which was duly noted by his school . A pleasant surprise for me as I very apprehensive at him missing so much school. We are really looking forward to working with you again on the new series shortly , and filled with confidence at the level of tuition that I know he will receive. Many Thanks ”
