Summary

I'm organised, punctual and reliable, I'm looking to gain experience and be a useful, valuable member of the team/production. I want to use any/all opportunities I get, to prove myself as a hard worker.

Goals

My Goal is to further my qualifications and experience into becoming a focus puller and clapper loader. When I feel suitably prepared I will make the step up and invest to become a steadicam operator, which is my long term aspiration.
