28 Lysander Close, Woodley, Reading Berkshire RG5 4ND

+44 7866 015397 Age : 37 D.O.B. – 28/09/1979

Experienced Freelance Director, comfortable at every level from self-shooter producing tightly budgeted work for independent clients, to helming large budget productions in tandem with production companies in the UK and USA. Ten years of touring experience with music artists, along with ten years experience teaching theatre allowed me to spend the last two years co-producing my first feature, that I shot and directed, which was sold to StudioCanal and theatrically distributed in December of 2016. In addition my photographic work has been used in press campaigns around the world. Last summer I exhibited my work at London's House of Vans all summer, where I also launched my first book.

2004-2014

Head of Drama / Head of Year, The Piggott School

Responsibilities include line management of 15 pastoral staff, academic monitoring, child safety, organising of off-site and overseas trips. Budget management and expense tracking (in both roles). As head of Drama, directing theatre, delivering a dramatic arts curriculum to a school of 1,300 students. Production of plays. Delivery of CPD training to other schools, and

control of the school's visual media have all been part of my role for many years.
