Profile

I have a first class BA Hons degree in TV and Radio Production from University of Salford. I am eager to start my career in the media industry. My strengths are in camera and editing, but I have a broad range of skills and I am willing to work in any area. I hold a full clean driving license, own a car and I am willing to travel anywhere. I am a strong all round achiever with a flare for art and media and a good ability in a variety of sports.

I have a strong passion for all aspects of film and television production, which has been prominent from a junior and with my first full 30-minute production receiving a special award at age 14. I am self-motivated and have a disciplined approach to learning new skills and I am fully committed to everything I take part in. I am focused, with attention to detail and a conscientious approach to working independently or as part of a team. I would describe myself as a mature, friendly person with strong leadership skills. I have always been popular with teachers, employers and colleagues alike.
