Originally from Yorkshire but now living in North Nottinghamshire. On leaving school, I obtained City & Guilds certificates in Hairdressing & Beauty Therapy which provided me with the basic skills & confidence required to start my media career in 2005 in the West End. I moved into feature film dailies in 2010 and moved back home in 2013, working my way through the ranks of HETV, honing & perfecting my skills along the way.

Most of my work in TV has been on high end drama with a number of high profile artists; Helena Bonham Carter, Suranne Jones, Hugo Weaving, Holiday Grainger, Alicia Vikander, Mark Gatiss, Liv Tyler & most recently Ewan McGregor & Mary Elizabeth Winstead to name but a few so I'm experienced in negotiating and dealing with artists of that level.

Period pieces are my speciality but I'm more than happy with contemporary projects too.
