Personal Profile

During my career I have worked on a large variety of quality production dramas, feature films and commercials. Working with a number of award winning sound recordists, I have gained a strong and varied understanding of production sound recording techniques and best practice. I am experienced at working under pressure in a wide variety of locations and conditions and understand how to work most effectively as things change at pace.

My Skills include Boom operating, Fitting and operation of radio mics and Set up & maintenance of all sound equipment inc Multitrack recorders and timecode
