## Additional Information

Peter originally trained as an actor at 'The Arts Educational Schools, London' before moving into Casting. Working in all areas of production has led him to have a full understanding of production needs across the board.

As well as his Casting work Peter is a trained acting tutor and guest lecturer at the likes of 'ALRA', 'RADA', 'The Manchester School of Theatre' (Man Met), and 'The Actors Centre, London'. Peters teaching skills have proved valuable in the audition room for directors and producers wanting a more interactive casting workshop with either Adults or Children.
