COMEDY / ENTERTAINMENT / LIVE / SHORT FILM / THEATRE / DRAMA / FEATURE FILM / MUSIC

I would describe myself as a proactive individual who puts 100% effort towards everything I do. I believe it is paramount that the completion of any given task, needs to be pursued in a pragmatic and confident manner so the final result is the best it can possibly be. Responsibilities previously carried out consist of chaperoning talent, filing, logging and time-coding, handling float, location scouting, locking and securing traffic and public, booking talent and contestant travel and accommodation, managing social media platforms, maintaining tidiness of work environment, cable bashing, filming auditions, assembling lighting towers, rigging and de-rigging.
