**Personal Statement:** I am an experienced Location Manager, having worked UK wide, but spent most of my career in London and the South West. I enjoy working on my own initiative and am an excellent team player. I am hard working and committed, and excel at managing challenging projects to tight deadlines and on budget.

**Key Achievements:**

Location Managing many television dramas and feature films, involving researching, budgeting, line managing, health & safety, client liaison and PR.

Production Managing for corporate and TV companies, Initiating & researching costs & technology for locations database for BBC Casualty, setting up and running the database, training staff on the use of the database.

Market research for a corporate media company in Soho, writing approaches to companies and developing pitches.

**Career and Education History**
